

Jennifer rejoined Lumsden McCormick in 2016 after spending over ten years in management positions with Ernst & Young LLP and Moog Inc. She is responsible for the Research and Development Credit practice in addition to providing services to commercial clients in the technology and biosciences, real estate, and manufacturing industries. Her extensive capabilities span a variety of service offerings, include technical accounting matters, financial statement assurance, employee benefit plans, policies and procedures, internal controls, Sarbanes Oxley compliance, risk assessment, operations management, internal audits, and information technology assurance.
